Ski-in ski-out chalet in La Clusaz with sauna and hot tub

Luxury La Clusaz chalet with garden next to ski lift and village - sauna, hot tub and ski store

Chalet Riparian

Surrounded by woodland and bordered by two streams, you'd think Chalet Riparian was in the middle of nowhere. In fact, it's right next to the telecabine, and just 200m from the centre of La Clusaz!

This newly-built chalet for 12 is a real find for guests who want the best of all worlds - it's ski-in, ski-out, with access to 220km of fabulous pistes across the Aravis. The ski bus stop is on your doorstep and La Clusaz's restaurants, bars, shops and ice rink are just a short walk away.

The chalet's wonderful garden has been landscaped to provide a peaceful haven with furnished terraces, built-in benches and evening lighting, perfect for long summer evenings.

With luxury extras such as a sauna and hot tub, and useful features such as a heated ski store, a lockable bike store, and a laundry room with a second fridge, Chalet Riparian has all the ingredients you need for an unforgettable mountain holiday.

IMPORTANT: Being centrally located, once you reach the chalet, you won't need to use your car! Vehicle access is via a private road that is steep in places, so in winter it is important that your car is fitted with the correct equipment (winter tyres/snow chains) and you are confident driving in snowy and icy conditions. See more information in the OVO Point of view section of this website.
